

A-level Economics

Below you will find some information regarding the Pearson Economics B A-level course. Please note that there are some entry requirements for this course. Please speak to us if you have any queries or questions.

What's covered?

There are a total of four themes across two years assessed by three externally assessed examinations. The themes are as follows:

- Theme One: markets, consumers and firms - scarcity, enterprise, introducing the market, revenue, costs, profits and cash.
- Theme Two: the wider economic environment - business growth, productive efficiency, the economic cycle and the macroeconomic policy.
- Theme Three: the global economy - globalisation and economic factors in business expansion.
- Theme Four: making markets work - competition and market power, market failure, risk and financial sector.

What does the course involve?

This A-Level course will give you a real insight into the world of economics. It will open doors to further education or even help if you are interested in running your own business. Having a part-time job and making sure you keep yourself up-to-date with what is happening in the business world will help you succeed.
