

Next Steps Guidance

As we approach the end of the academic year, we are asking Year 12 students to think about their next steps. Success at School will help you with researching potential future careers and to understand the different pathways. Whether you plan to go to university, or to seek an apprenticeship, the site has something for everyone!

Labour Market Information

Visit www.careerpilot.org for up to date labour market information. You can complete quizzes which will help you identify suitable careers, as well as conducting further research in to the world of apprenticeships and employment.

In addition, you can use the LMI widget to compare different jobs and sectors across the UK.

Career Spotlight: Security Service Officer

Salary:

Up to £43,000 per annum

Qualifications:

Security Service officer is a role specific to the UK. You must be at least 18 and meet strict residency and nationality criteria. Due to the sensitive nature of the work, you'll have background checks carried out through a vetting process. Relevant degrees include:

- history
- languages
- politics
- economics
- maths
- law

Job Description:

Security Service officers are the UK's domestic version of intelligence officers – they conduct intelligence activities for the internal security of the country.
