

Virtual Insight into University

Insight into University is a comprehensive virtual experience allowing students to explore STEM studies at university and the career opportunities that these subjects lead to. It provides access to information on student life, STEM projects and activities set by leading UK universities and global STEM companies, first year undergraduate lectures, live interactive sessions with academics, admissions tutors, employers and current students. The experience will run from 1 July until 23 August 2024 and can be completed flexibly to fit around other commitments and study at a pace that suits individual circumstances.
