Are you looking to go into Law?? This may be for you!!!

If you're an aspiring solicitor/ barrister/legal professional, there's one event that you absolutely cannot miss this year—the Browne Jacobson Law Virtual Work Experience on Tuesday, 28th October, from 9:00 a.m. to 4:15 p.m.

Browne Jacobson

This event is packed with unrivalled legal insights, an incredible lineup of exclusive speakers, and hands-on career advice from the most prestigious legal figures in the UK. Whether you're planning to work in private practice, join an in-house legal team, or carve your path as a barrister, this event covers everything you need.

WORLD OF WORK

When applying for a job or apprenticeship, a one-size-fits-all CV won't cut it. Make sure your CV highlights the skills and experience that match the role you're applying for. Use keywords from the job description, show how your strengths fit the position, and keep it clear and focused. A tailored CV shows employers you've done your homework—and that you're serious about the opportunity.

Career of the Week

Lab Technicians support scientific research and testing in fields like healthcare, pharmaceuticals, and environmental science. Starting salaries are around £18,000–£22,000, rising to £30,000+ with experience. You'll typically need GCSEs in science and maths, and many employers prefer A Levels or a Level 3 BTEC in Applied Science. Some roles require a foundation degree or HNC/HND. It's a great career for detail-oriented problem solvers who enjoy hands-on science.
