TERMS 5 AND 6 NEWSLETTER | 2025–26

A Celebration of an Extraordinary Term

Welcome to our Terms 5 and 6 Newsletter for 2025–26 — a showcase of an extraordinary summer term. From record-breaking achievement to international travel, from industry-leading guest speakers to a stunning Year 13 Leavers' Celebration, our students have made us proud every single day. This is their story.

A FEW WORDS FROM THE PRINCIPAL

Welcome to this term's newsletter and what a term it has been. As ever, trying to capture everything our students and staff have achieved in a few short paragraphs feels like an impossible task, but I'll do my best to give you a flavour of the highlights before you dive into the fuller stories inside.

We've barely stopped moving. Our students took part in a UCAS Discovery event at Leeds Beckett University, giving them a real taste of what higher education has to offer, while our trip calendar has been as full as I can remember, from the dreaming spires of Oxford University to the creative energy of Manchester School of Art, right through to our international trip to Italy. Each of these experiences broadens horizons in ways a classroom simply can't, and I'm grateful to every member of staff who gave up their time to make them happen.

As I write this, our Duke of Edinburgh students are out on their final assessments, quite literally slogging it out over the hills of West Yorkshire. It's a fitting image really; resilience, teamwork and grit, tested against the Yorkshire weather. I have no doubt they'll come back with some stories to tell.

On the sports field, our football team finished third in their AOC League, with some notable victories over sides considerably larger than us. It's a brilliant reflection of the team spirit and quality we have here, and a reminder that size isn't everything.

One of the genuine highlights of my term was our Leavers' Assembly for Year 13. Within this newsletter you'll find some wonderful stories of success, and I don't say this lightly: to win any of these awards is a remarkable achievement given the calibre, courage and resilience of this cohort. Recipients of our Professional Standards Awards have their names added to the honours board in our reception, a permanent record of what they've achieved here. If you're ever passing do call in; one of our senior leaders would be delighted to show you the board and tell you our tales about the remarkable young men and women you have raised.

I should confess to missing Prom this year, the first I've missed since we introduced it back in 2016 at our predecessor school, TAH. I was gutted, but it was the right call having had hip surgery earlier that same day. I've heard it was a wonderful evening, and I'm already looking forward to next year's.

It was also wonderful to celebrate Year 12 Graduation at Halifax Minster this term, a fantastic evening of celebration for our students and their families, and you can read more about it later in this newsletter. Year 12 also sat their first trial examinations this term, exams that are by design, synonymous with high challenge. But they're also a genuine opportunity for students to affirm just how much they've learned, and to see the fruits of their hard work made real.

As our Year 12s move into Year 13, it's entirely normal that the focus sharpens and expectations, both theirs and ours, rise a notch. Much like in sport, learning to manage anxiety ahead of final exams is a crucial part of a student's journey towards what we call being "life ready." Through the systems we have in place and the dedication of our teaching staff, the hard work students put in now will make those final exams genuinely doable and in a strange sort of way, something to be enjoyed (slightly). There is real courage in facing these big moments head-on, and that courage lays foundations that will serve our students for the rest of their lives. They come to learn that they carry something within them that not everyone has: an extraordinary work ethic, a capacity for compassion, or the courage to say yes when others are inclined to shirk.

It remains a genuine privilege to lead these young men and women, however brief our time with them may be and to watch the remarkable people they become.

To all our Year 13s: we will miss you. Good luck, keep in touch, and do look out for our academic tutor roles in the future; we'd love to have you back.

ASPIRATIONS

This summer term has been full of valuable experiences to support students in exploring their next steps beyond TSFA. A highlight of the term was the **UCAS Discovery Event**, where over **350 Year 12 students** engaged with a wide range of universities from across the UK alongside apprenticeship providers – a fantastic opportunity to ask questions, gather information, and begin shaping their post-18 plans.

Students also benefited from several university visits, including trips to the **University of Oxford**, the **University of Leeds** and the **University of Huddersfield**, helping to build confidence and insight into higher education. Subject-specific experiences enriched this further, with English Language and Linguistics students visiting the **University of York**, while aspiring creatives explored courses at **Manchester School of Art**.

Work experience remains a key focus: a group of students completed a week-long placement at **Calderdale and Huddersfield NHS Foundation Trust**, gaining hands-on insight into healthcare careers, while those interested in law took part in a **three-day court experience** for a real-world perspective on the justice system.

As we move into the summer break, we encourage all students to reflect on these experiences and keep developing their aspirations – through further research, visits, or work experience – ready for their next steps.

Leeds Beckett Discovery Day

TRINITY SCHOLARS

Summer term is a great time for our Year 12 Scholars to complete a range of super-curricular activities that broaden their skill set, deepen their knowledge and provide invaluable experience. Our potential **medical applicants** completed five days of work experience at **Calderdale Royal Hospital**, while our Scholars cohort visited the **University of Oxford**, touring two colleges and benefiting from insightful admissions sessions led by the team at **Worcester College**. Several Scholars are also undertaking additional university-run programmes, some of which culminate in Summer Schools towards the end of term.

Preparations for admissions assessments are now in full swing: those applying to study Medicine are being supported with **UCAT** preparation, while those sitting the **TMUA** — a Maths-focused admissions test — have also begun theirs. Our Scholars cohort have nearly completed the first drafts of their **UCAS personal statements**, putting them well ahead of the October early application deadline.

Next up, summer offers a chance for wider reading and to stretch one's interests beyond the A Level course — we're sure our Scholars are looking forward to a break spent in the company of a good book or two!

TRINITY ENRICH

Term 6 has seen the return of our annual super-curricular societies, offering students a wide range of academic opportunities designed to enhance their UCAS applications, apprenticeships and future career pathways. These societies continue to play a vital role in extending learning beyond the classroom.

This year has been particularly special, with the **highest level of engagement in enrichment to date**. With over **50 clubs** available, students have embraced opportunities across sport, academia, creativity and leadership — a record level of participation that reflects a growing culture of curiosity, ambition and commitment beyond the curriculum.

Term 6 Super-Curricular Societies

Careers in Health and Social Care

Chess Society

Creative Writing

Gallery Gang

Sporting Highlights

Term 5 and 6 saw an exciting run of fixtures for our football team. The team has shown great work ethic and level of commitment throughout the season. Notably, the team secured impressive victories against Dixons Sixth Form and Elliot Hudson. Alongside these successes, they experienced a hard-fought defeat against a strong Ackworth side.

We are also delighted to celebrate a significant achievement in competitive football, with the team finishing 3rd overall in their AOC league. This is a fantastic accomplishment and reflects the effort shown throughout the season. The campaign will conclude with a few friendly fixtures, giving students further opportunities to represent the college and finish strongly.

In addition to football, students also competed in an inter-house rounder's competition, displaying great enthusiasm and sporting spirit. Participation in sport across year groups was excellent, with many students embracing the opportunity to engage in competitive sport beyond the classroom. Sports included football, netball, rugby league, athletics, TSFA park run takeover and rounders.

Term 6 has been a standout period for athletics, with two students competing at the West Yorkshire Schools Athletics event at Leeds Beckett University on 13th June. Students represented the college excellently, and we are especially delighted to celebrate outstanding individual achievement. Year 12 student Eli finished 2nd overall in the 3000m race, a fantastic accomplishment at such a competitive event.

TRIPS AND EVENTS

During term 5 and 6 our students have had the opportunity to take part in 19 different trips including 3 international trips. Trips have ranged from our End of Year rewards trips, to field workdays, university trips, theatre trips, UCAS Discovery events and Duke of Edinburgh expeditions. It has been a very busy two terms for our trips team. Here is a selection of our fantastic trips which were available to our students.

11th June — Human Rights Conference at Leeds Beckett University

37 law students attended the Leeds Beckett Human Rights Conference on Thursday 11th June, the students got to experience Human Rights in action — applying them to a range of case law — one of which involved a cake! Students also had the opportunity to view the Law School on campus and try on the wigs and gowns of a Barrister.

10th June — University of York: Language and Linguistics Taster Day

9 students from A-Level English Language went to visit the University of York for a linguistics taster day. This event talked about why learning languages is so important, and we learnt that while 98% of EU students learn a foreign language at A-Level, only 37% of UK students do! We also experienced a talk on forensic linguistics from James Tompkinson where we summarised police interviews and saw just how differently people can report information that will then be used in courts. The students had a fantastic experience and hopefully some may now be interested in studying English language at university.

21st May — Carnegie School of Sport Experience Day at Leeds Beckett University

25 students from BTEC Sport got the opportunity to visit Leeds Beckett University for a sport experience day. Students got the opportunity to gain an insight into what university life entails as well as what sports related degrees are on offer to them at a higher education institution. They started the morning off with an informative session on 'Scientific Factors affecting Physical Activity' followed by a talk on Sports Management. The afternoon then gave students the chance to explore the state-of-the-art facilities which Leeds Beckett has to offer on a valuable campus tour. The day finished with the unique opportunity of taking part in wheelchair basketball and team building activities. Hopefully students are now interested in studying a sports degree at university.

24th May – 6th June — Italy Turing Work Experience Trip

22 students studying BTEC Sport, A-Level PE, or involved in our sporting enrichment programmes took part in an unforgettable two-week trip to Italy, funded through the Turing Scheme. Students gained valuable work experience teaching sport in schools across the Borgo region, building confidence as leaders and coaches while forming meaningful connections with local pupils. Alongside this, they explored some of Italy's most iconic locations, including Venice, Lake Garda, Verona and Levico, with a standout moment taking part in dragon boating on a stunning lake — a fantastic opportunity for personal and professional development.

16th – 29th May — Malta Turing Work Experience Trip

22 Year 12 students and 3 staff swapped the classroom for a fortnight in Malta, funded through the Turing Scheme. Based at Flutterby Nursery, students worked with children aged 1 to 5, earning high praise from nursery staff — one teacher called them the best students she'd ever worked with. Alongside the placement, students explored Valletta, Mdina, Sliema, St Julian's, Gozo, and the beaches around Bugibba Bay. A brilliant mix of hands-on experience and cultural discovery, and a fantastic advert for what our Turing Scheme placements can offer.

19th June — Annual House Rounders Competition

40 students enjoyed a morning of sport and sunshine at Old Crossleyans RUFC for the annual House Rounders competition. Students showed excellent skills, teamwork and sportsmanship in a highly competitive, brilliant atmosphere. Results will be announced on Trinity+ when Sixth Form returns after the summer break.

1st – 15th July — TSFA Students Take on Morocco

Four Year 13 students are currently on the trip of a lifetime in Morocco with World Challenge and Dr Anning. The group has explored the markets of Marrakesh in 42-degree heat, trekked through the Atlas Mountains with mules, camped under the stars, and summited a mountain at 2:30am for a breathtaking night sky. They're now heading to a local community to take part in a supporting project. We can't wait to hear more as the adventure continues!

DUKE OF EDINBURGH AWARD

Celebrating Our Achievers

Congratulations to Our Year 13 Gold and Silver Award Achievers

A huge congratulations to our Year 13 students who have completed their Duke of Edinburgh Gold and Silver Awards with us this year — what an achievement!

A number of our Gold Award students recently had an incredible day at Buckingham Palace's Gold Award Ceremony, celebrating their achievement in truly special surroundings. For those still waiting for their invitation to next year's ceremony, we hope it arrives soon and that you have a fabulous time when it does! We'd also like to congratulate all of our Silver and Bronze Award recipients on their outstanding commitment and achievement:

Silver Award recipients: Martha Hodgson, Holly Heslop and Harry Jones

Gold Award recipients: Harry Aindsworth, Aiden Chiu, Joshua Edwards, Oscar Leeks, Alice O'Keefe, Kia Race, Thomas Bond, Evie Brannan, Francesca Whitehead, Rosey Smith, Ahad Ibrahim, Imani Binti Sobri, Issac Thompson, Samuel White

Well done to all of you, your hard work, resilience and dedication throughout your DofE journey should make you very proud.

Year 12 Complete Practice and Assessed Expeditions

Our Year 12 students, all on the Gold pathway, have had a brilliant term completing both their practice and assessed expeditions. The practice expedition took students through Worth Valley, followed by their assessed expedition across Calder Valley with students walking over 100km in total across the two expeditions. Anyone who knows Worth Valley and Calder Valley will know that's no easy feat!

Throughout their expeditions, students developed a real range of campcraft and navigation skills. But more impressive still has been their physical and mental toughness, and the strong bonds formed with teammates along the way, some brilliant friendships have been made and plenty of great memories created.

A reminder for all Year 12 students: you now need to sign off your Physical, Skills and Volunteering sections on eDofE, and complete your residential, before you can sign off your award and receive your invitation to Buckingham Palace.

Keep up the great work, you're well on your way to Gold!

PUPIL LEADERSHIP GROUPS: A TERM OF IMPACT

38 events in 39 college weeks — our PLG ambassadors led the whole year, representing Trinity at Graduation, Open Evenings, Parents' Information Evening and Remembrance Day.

Charity PLG The Charity PLG kicked things off with a bake sale in support of the RSPCA, complete with posters and a college-wide awareness campaign. The star of the show was definitely Fudge the rescue dog who was a massive hit with students and staff alike. The team rounded off the year with a Summer Volunteer Awareness Campaign in July, encouraging students to make the most of their summer by giving back.

Diversity PLG Diversity PLG ran a full Culture Week, packed with activities during morning break and lunch such as designing Carnival masks, hijab workshop, henna stall, flamenco flower and candle designing. The week culminated in a Cultural Celebration Day, showcasing music, clothing and food from cultures across our college community, a wonderful way to celebrate the diversity here at TSFA. They followed this up with a Pride Awareness Week at the end of Term 6, helping students celebrate and understand LGBTQ+ history and culture.

Mental Health PLG Mental Health PLG ran a month-long Stress Awareness campaign in April, including posters around college, a student survey on stress levels, and an SLG assembly. May brought a dedicated Mental Health Awareness Week, with each day linked to the NHS's 5 Steps to Wellbeing — tying in neatly with Physical Health's Park Run. In June, the group led a Drowning Prevention Awareness push, and their term ended with the launch of a new student wellbeing hub page.

Physical Health PLG Physical Health PLG got students moving with a Park Run takeover in May, and closed out the year with the ever-popular House Rounders Competition in June, a brilliant way to bring houses together in some friendly competition.

Earthshot PLG Our Earthshot group championed sustainability with a World Earth Day campaign in May, featuring recycling reminders and AI awareness sessions across Trinity+. They wrapped up the year with a bake sale in July, raising funds and awareness for environmental causes. It's also been a fantastic year for the group, with TSFA successfully renewing its Green Flag status with Distinction — a brilliant reflection of the excellent work our Earthshot PLG and the wider TSFA community do every day to help our planet.

A huge well done to all our PLG leaders for their hard work and commitment to making Trinity a more engaged, aware, and connected community this year!

A NEW CHAPTER: HEAD STUDENTS & HOUSE CAPTAINS

Last term saw our House Captains elected, ready to take the lead in building house spirit and driving participation in events throughout the year. This term, those House Captains had the opportunity to campaign for the role of Head Student, and what a competition it was, with 14 students stepping forward to put themselves forward for the role. Every candidate brought energy, ideas and passion to their campaigns, a real testament to the calibre of student leadership here at TSFA.

Thank You to Our Outgoing Head Students

Before we look ahead, we want to take a moment to thank our outgoing Head Students, **Luca Padget, Suleiman Alyazid, Imani Sobri** and **Izzy Keating** for all their hard work over the past year. They have represented TSFA every step of the way with the utmost professionalism and pride and have left a lasting mark on our college community. Thank you for everything you have given to the role, you should be incredibly proud of what you've achieved and we wish you all the best in your future endeavors.

Welcoming Our New Head Students

We're delighted to announce that the role now passes to **Emily Plunkett, Mohamed Modawi, Queen Chikoko** and **Jessie Ogbah**. We can't wait to see what you achieve in the year ahead, congratulations, and best of luck in your new roles!

Ambassadors

A huge thank you to all of our student Ambassadors who kindly gave up their time this term to support our Taster Day for prospective new Year 12 students.

Our Ambassadors represented TSFA throughout the day with real professionalism and pride, helping prospective students get a genuine feel for college life here. Events like this simply wouldn't be the success they are without students willing to give up their time to help, and it just goes to show what truly amazing students we have at TSFA.

Thank you for everything you do to support your college, we couldn't do it without you!

HOUSE COMPETITION: A YEAR OF TEAM SPIRIT

Throughout the year, all students compete in their Houses, to earn House Points that build towards our annual House Competition winners. Each term, attendance and conduct performance contribute points, alongside a variety of annual House challenges held throughout the year such as the House Football and Rounders competitions to our Harvest collection all contribute points.

At the end of each term, students also take part in a Trinity Challenge during Trinity+ sessions which gain house points. These challenges are a fun and engaging way to end the term while building team morale and camaraderie.

The House Competition is a brilliant example of the positive, inclusive and supportive culture we pride ourselves on here at TSFA. By bringing students together to work towards a shared goal, it helps foster a real sense of belonging, encourages students to support and celebrate one another, and strengthens the friendly, community spirit that runs right through our college.

PPT SPOTLIGHTS

Personal Progress Tutor Recognition • Year 13 2026

Nominated by their Personal Progress Tutors for the qualities that define a Trinity student.

Netra Khrishan

BSH • SHIBDEN HALL

Netra has truly earned this spotlight through an outstanding, well-rounded contribution to the sixth form culture. Maintaining 100% attendance throughout her time here, she has shown a strong work ethic both academically and beyond the classroom, gaining valuable experience through working and volunteering within the MAT. She is driven toward a career in finance, with an open, ambitious mindset towards her personal development. Netra's professionalism, resilience and mental toughness are matched by her ability to build positive relationships with staff and peers, and she has been a pleasure to support as her Personal Progress Tutor.

Kai Race

EBY • WAINHOUSE TOWER

Kai should be extremely proud of the resilience they have shown throughout their Sixth Form journey. Despite facing ongoing health struggles, they have continually demonstrated remarkable mental toughness, determination, and dedication to their education. Rather than allowing setbacks to define them, they have faced challenges head-on and continued to make progress with courage and positivity. Their perseverance, strength of character, and commitment to achieving their goals have been truly inspiring, and they fully deserve recognition for the outstanding resilience they have shown.

Joe Ibbotson

SENIOR PPT • GME

My first interaction with Joe was him loudly expressing frustration after being told to remove an earphone — and I made the mistake of getting involved! We talked it through, and over time I saw the intelligent, mature young man behind that outburst. Joe quietly supported the tutoring of PE students in Year 13 alongside his own studies, never seeking praise for it. When faced with setbacks from universities, he responded with resilience and practicality, simply building an alternative plan. His laid-back manner masks just how thoughtful and genuinely kind he is — exactly the Year 12 to Year 13 development we hope to see. Well done on everything you've achieved, Joe, and all the very best for the future.

Holly Heslop

ASW · HALIFAX MINSTER

Holly has been an outstanding role model throughout her time at college, consistently demonstrating the highest standards of commitment, resilience, and determination. Her attendance has been impeccable, reflecting her dedication to making the very most of every opportunity, while her extraordinary work ethic has set a fantastic example for those around her. No matter the challenges she has faced, Holly has shown remarkable mental toughness, perseverance, and positivity, always approaching each obstacle with maturity and strength of character. She should be incredibly proud of all she has achieved, and we look forward to celebrating her well-deserved success with her on Results Day.

Daniel Naylor

LBN · DEAN CLOUGH

Daniel Naylor has been an exceptional member of our sixth form community, consistently demonstrating maturity, kindness, and a strong sense of responsibility. His respectful conduct has made him a pleasure to work with, and his reliability has meant he is someone both staff and students could always depend on. Daniel throws himself into extra activities with enthusiasm and is always the first to offer help when it's needed, often without being asked. His steady attendance, positive attitude, and willingness to contribute have made him a quiet role model throughout his time with us. As he prepares to begin his apprenticeship within the MAT, Daniel carries forward the integrity, work ethic, and genuine character that have defined his time here.

Jonathan Mawson

SENIOR PPT · JBL

Jonathan is a truly exceptional student whose academic talent is matched by his drive and ambition — his teachers describe rare intellectual acumen and a natural flair for connecting complex concepts. His curiosity goes well beyond the curriculum: a Bronze certificate in the Biology Olympiad, a research presentation on bacteriophages, and independent engagement with the University of Cambridge's HEE online medical programme. Jonathan's resilience, self-motivation and intellectual curiosity are a genuine inspiration, and we wish him every success in the future.

Jayni Mistry

TWN · PIECE HALL

Jayni has been a consistently top performer throughout her journey at TSFA, embodying our values and professional standards to a tee in a manner that will serve her well going forward. Her journey has not always been straightforward, suffering from exam stress, yet she has shown great resilience and mental toughness to gain a sense of control. Her profile speaks for itself — achieving over the college target of 97% attendance and a whopping 676 achievement points this year.

YEAR 12 GRADUATION

Graduation Ceremony • Wednesday 8th July 2026

Thank you to everyone who attended our annual graduation ceremony at Halifax Minster on Wednesday 8 July. It was an excellent evening, made all the more special by a record number of students in attendance.

Well done to everyone who graduated and received awards on the night; your achievements were richly deserved. It was a brilliant occasion, spent with friends and families, to acknowledge the holistic effort you have all put in across the academic year.

Congratulations once again and thank you for making it such a memorable evening.
